San Mateo County Health Officer Dr. Scott Morrow has issued a new order requiring members of the public and workers at essential businesses to wear face coverings outside the home for certain activities and in places of business.

The order will take effect at 11:59pm on April 17, 2020 but will not be enforced until 8:00am on April 22, 2020. It will remain in effect until it is amended or superseded by the health officer.

Factory-made or improvised from ordinary household materials, face coverings are defined as any type of cloth, fabric, or other soft material that covers only the nose and mouth and surrounding areas of the lower face. Scarves, bandanas, neck gaiters, homemade coverings made from t-shirt material or other fabric and held with rubber bands are appropriate. Purchased masks may also be used but should not be medical grade, such as N95 respirators, which are in short supply and prioritized for health care workers.
