Joint press release from the seven Bay Area Health Officers

Later this week, the Public Health Officers of the Counties of San Mateo, Alameda, Contra Costa, Marin, San Francisco, and Santa Clara as well as the City of Berkeley will issue revised shelter-in-place orders that largely keep the current restrictions in place and extend them through May. The new order will include limited easing of specific restrictions for a small number of lower-risk activities.

The Health Officers will also release a set of broad indicators that will be used to track progress in preparedness and response to COVID-19, in alignment with the framework being used by the State of California. Future easing of restrictions requires that each jurisdiction and various sectors continue to rapidly build critical infrastructure and systems to respond to and control the spread of coronavirus infections and to ensure the health care system's ability to meet demand.
