County health order update - vehicle based gatherings

Limited to 200 vehicles with many restrictions

San Mateo County Health Officer Dr. Scott Morrow has issued a new order permitting certain "highly regulated" gatherings of vehicles, designed to allow schools to host modified graduation ceremonies. The order takes effect at 11:59pm on May 11th.

For gatherings of ten or more vehicles, the order requires the occupants of the vehicle to be members of the same household, not to exit the vehicle at the gathering except to use a restroom or collect an item such as a diploma, and if the windows are open to wear face coverings. Since the vehicles must be enclosed, the order does not permit motorcycles, convertibles with the top open, vehicles with no doors, or bicycles to attend the gatherings.

Be sure to contact your child's school for specific information on what will be planned for graduation.
