### Reminder: face coverings are required while outdoors with limited exceptions

Last week, the California Department of Public Health (CDPH) and Gov. Gavin Newsom released updated guidance for wearing face coverings when outside the home. The new guidance mandates that face coverings be worn statewide in public with limited exceptions. Social distancing and handwashing requirements also remain in effect.

With San Mateo County now aligning with the State's [Resilience Roadmap](#), the updated guidance on face coverings supersedes requirements in local health orders. [Click here](#) to read the full guidance document.
