Testing appointments are available at multiple locations throughout the County. [Click here](#) for more information.

City Council July 13th meeting update regarding Wireless Design Standards

Additional Council meeting scheduled for July 27th

The Hillsborough City Council intends to further consider item 17 from the July 13th Council meeting agenda regarding Wireless Design Standards. As stated at the July 13th City Council meeting with regard to the City Council's consideration of agenda item 17 regarding the resolution amending City Council Policy No. 19-01 establishing wireless design standards, there is no legal requirement that emails be read aloud during a City Council meeting. While all emails received by the July 13th 4:00 p.m. deadline were provided to the Council for review and are part of the Council record, in order to honor the expectation of some residents that their emails would be read into the record as opposed to being made a part of the record, the City Council will take the opportunity to decide whether to reconsider agenda item 17 at an upcoming regular City Council meeting to be held on Monday July 27, 2020 at 6:00 p.m. At that meeting, if the City Council decides to re-consider the item, Town staff will ensure that all emails received by the 4:00 p.m. deadline on July 13th with regard to item 17 are orally read into the record. Further on July 27th, the City Council will be taking real-time public comments by email during the consideration of the agenda item.

COVID-19 update - Where to find more information

The Town of Hillsborough is continuing to work closely with the County of San Mateo and the State to monitor the latest COVID-19 data in the County. For those looking for additional information, a variety of statistics and resources are available for the public to view and are updated regularly:
