State issues new guidance on face coverings - effective statewide

Click here to read the guidance document.

The California Department of Public Health (CDPH) and Gov. Gavin Newsom have released updated guidance for wearing face coverings when outside the home. The new guidance mandates that face coverings be worn statewide in public with limited exceptions. Social distancing and handwashing requirements remain in effect.

With the State granting San Mateo County's variance request earlier this week, Wednesday's updated health order aligned the County with the State's Resilience Roadmap. The State's updated guidance on face coverings supersedes requirements in local health orders.

Hillsborough breaks through its 2010 self-response rate!

Hillsborough recently surpassed its performance from 2010 when it comes to responding to the Census. Congratulations to all those residents who are part of the **78.7%** of households that have already self-responded. Self-response means that residents completed the census form through one of three methods: online, by phone or mail. Anyone can still respond online at www.my2020census.gov.

Census takers will be going out beginning on **August 11th** to knock on doors and make sure everyone is counted in our community. Those who have already responded won't be getting a visit. If you'd like to track Hillsborough's daily progress visit www.2020census.gov/en/response-rates.html.
