San Mateo County Strong accepting applications for nonprofit emergency grants

The [SMC Strong grant application portal](#) is now open. The application portal will close once 250 applications are received or on May 11th at 5:00pm, whichever comes first.

The San Mateo County Strong Fund seeks to minimize the impact the Shelter in Place order to curtail the spread of COVID-19 has had on the community. This includes local nonprofit organizations as they work to meet a surge in demand for services. Funding can be requested to cover expenses related to the shift organizations have made to continue operations, including purchases of health and hygiene supplies, technology upgrades and purchases, and costs related to necessary operational and staffing changes.
