Subject: Pride Flag  
Rev. Terri Echelbarger

I just want to offer my thanks that Hillsborough intends to fly a Pride Flag this year. I've been keeping a close eye as San Mateo County Cities, one after another, have raised their flags, many for the whole month of June. Only three cities left. The message of welcome and inclusion is powerful and warranted, I hope your flag will fly soon. Thank you.

p.s. If you raise the flag before this meeting please simply accept my thanks, and the gratefulness for all those, who like me, lived in a time when those like me were made intentionally invisible, or punished for daring to live openly.
